Issue 150

January 2004

### CLASS NEWS FROM EVERYWHERE

#### AUSTRALIA

Norman Rydge/Richard Scarr and Douglas Parker with an Italian crew kept the flag flying at the Open European Championship in Italy. Norm/Richard with a 6th and a second (out of 40) also did well at Kiel Week.

Ian McCrossin has shipped his AUS-359, the ex F-198 (1992 Olympics) of Thierry Berger, which he kept in Europe, back to Australia.

Good news. Doug Rawson-Harris is back in the FD, albeit with a pigs valve in his aorta and a pace maker.

In Victoria they are very busy working on the Worlds 2003.

#### AUSTRIA

The Austrian FD Class has a very nice logo which they graciously allowed the IFDCO to use as the basis for the new IFDCO logo.

Austria is offering a Worlds at Neusiedl in 2005 or 2006.

5 Teams were present at the Europeans. A record since a number since years.

An FD Skiing championship is being organised for 13 March 2004 at Hinterstoder a bit south of Linz. Various age groups: 1944 to 1997! Detailed info from Heinz Würder, Zandergasse 9, 2380 Perchtoldsdorf, Austria Fax:++43-(0)1-40440 FD-austria@nexta.at

#### CANADA

In the Vancouver area a group of 7 FDs has been gathering around the Canadian FD secr Greg Johnson.

It was some time ago that FDs could be seen at a regatta in Canada. End of August the North American Championship was sailed at the CORK regatta. All USA boats plus one UK boat (resident

in USA). With 14 races it was worth the travel. One crew came over from Holland!

#### DENMARK

The Bojsen-Møllers did it again: European Champions at Dervio.

#### ENGLAND

Julian Bridges has taken over as editor of the "FD GBR" newsletter.

The class was represented at the 'Dinghy Show' in March with "Biggles". It resulted in a great number of contacts.

There was a good contingent of 6 GBR teams at the EC. Vicky Parry helming for Steve Parry found the conditions often a bit too much for her and Steves weight.

Several sorties have been made by Tony Lyall/Colin Burns, John Berry/Andrew Edwards and TonyDale/JamesCook to European Continental events.

Early October there will be a new event: Symetric Classes Grand Prix at Dutchet Water. A combined event where asymmetric spinnakers are banned.

#### GERMANY

A nice and regularly updated website ([www.sailfd.de](http://www.sailfd.de)) is being maintained.

The German FD Class is pleased that they have been granted the Worlds 2004 to be held at Warnemünde near Rostock. It is supposed to be the site if Germany is allocated the Olympics in the near future.

The new-building project by a Czech builder is making slow progress. The prototype is now at Berlin in the Steingross's workshop where Uwe is trying to finish it so as to be able to take it to Melbourne.

#### HOLLAND

In February the Dutch FD fleet suffered a severe loss when "Kreun", officially known as Edward van Kreuningen died. His never flagging enthusiasm has been inspiring the class for years. For every event he used to phone and presented you with a severe guilt-feeling when you did not come. For 25 years he sat on the Committee, most time as treasurer

The noticeable enthusiasm of last year has been carried over and this year again there is a fleet of 15 or 18 boats regularly taking part in regattas. Some of them new faces and some familiar ones. Recently 3 boats have been added to the fleet. After having attended career and families Hans van der Pol and Rob Huisman have bought FDs again after a long sabbatical. In March a "hobby"

### PRESIDENT'S LETTER

Dear Club, dear IFDCO general Committee and National Secretaries, dear sailors,

It was wonderful and exciting to see 72 FD's competing at Dervio in the European Championship.

I wish to thank the Centro Vela Dervio, the President Stefano Viganò and all the staff engaged in the Organizing Committee; their kind hospitality, efforts and availability, the good weather conditions, the background of the Lake of Como and the high level of the competitors contributed to a successful event and cheered up our meeting.

Moreover, I was very glad hosting so many FD sailors with their families in Dervio and I thank all of them.

Let's me thank also all the IFDCO Officers and members everytime involved in the Measurement Committee and in the organization of the Championship.

As IFDCO President and member of the Centro Vela Dervio, I was delighted by the atmosphere of friendship and brotherhood between the FD sailors and the Club.

I hope that all the FD sailors enjoyed their stay to our area and that Club will remember our Class as best.

Finally, I thank the Jury, the Race Committee and the sponsors for their engagement to support the event.

I hope that the agreement and the feeling between the IFDCO and the Centro Vela Dervio will go on in the future: the FD "Cape Horn Trophy", organized by the Club since many years, in spring, may be a good chance to fellowship.

Well the season in the Northern Hemisphere is drawing to a close and I wish all of you a beautiful 2004 sailing season and good sailing holiday.

Cheers,Alberto

### APOLOGIES

This bulletin should have been mailed months ago but I have had to change over from cut and paste sheets for the printer to CD. A bit of a struggle and problems with my computer and printer did not help either. And of course there is the eternal problem of obtaining data, not many sailors or officials forward something on their own initiative. The results of the Dawes World Cup 2002 and the Europe Cup 2003 have not been finalised yet either due to problems with finding out who are IFDCO members, and who are not.

It now being December we will postpone a bit more and try to get Worlds Melbourne included Good reading and good sailing. The Editor

see page 4

weekend was organised. A dozen boats turned up and a lot of layouts and fittings were brought up to standard. And the class spirit raised as well !

The FD was present again at the demonstration weekend for dingies in June.

A big contingent went to the Europeans in Italy. 12 teams who enjoyed themselves and built nice international contacts.

Frank Nooijen has been busy organizing container transport for Melbourne. 4 containers with boats from Austria (1), Britain (2), Germany (8), Holland (10), Hungary (1) and Switzerland (1).

#### HUNGARY

In 1986 we had the Worlds at Balatonföldvár. The Club enjoyed it so much that they are offering to organize again a World Championship in 2005 or 2006 !

#### ITALY

Three new Maders have joined the Italian fleet: Robert Cipriani, Francesco Biasi and Pierfrancesco Eustachi. After a sabbatical Francesco Biasi has rejoined the FD Class.

The European Championship at Dervio was a great success. It is only a very small club but the

Centro Vela Dervio managed to pull off a successful event. Enjoyed by all competitors and attached persons. It was hot though.

The Italian FD has organized a container foMelbourne with 3 Italian and 2 Spanish boats

#### MEXICO

Some rumblings about activity. Several boats are being restored. There is even talk of purchasing some new boats.

#### NEW ZEALAND

The NZFDA have got 6 boats in the container for the Worlds 2003 in Australia. And some are young people !

#### POLAND

Half way through the season a NoR reached us for the GDYNIA SAILING DAYS. A 5-day event for Olympic Classes but the FD was invited too ! Unfortunately most FD sailors had already organised their holidays. May be it can be organised for 2004

#### SPAIN

Gines Romero has been working hard and the fleet keeps growing Spain has now a very clear and nice website ([www.fdesp.org](http://www.fdesp.org))

Two boats will go in the Italian container for Melbourne.

#### USA

Jonathan Clapp keeps coming out regularly with "Trapeze" - the US newsletter - with good informative articles. Next to the IFDCAUS website - <http://sailfd.org/USA/> region I now has <http://sailfd.org/USA/region/i> run by Anna Gorbald and region X has <http://sailfd.org/USA/region/x> run by Wally Eaton. A great number of very interesting articles on the past are shown on a special website: <http://sailfd.org/USA/trapeze/olympics>.

There seems to be an increase in activity and interest in FD sailing and a number of people are renovating old FDs.

A new FD fleet has been started at San Francisco with Nationals in the future ?

Tim Sayles, who kept his boat in Europe after Tavira last year, came over for Kiel Week and the EC at Dervio this year. Tim had some problems getting organised for Melbourne so his boat remained in Holland.

## CARBON SPARS

For some years the debate about allowing carbon-fibre spars has been raging. As in principle the FD has been a development class, often leading, many think carbon spars should be allowed. The main argument against is the cost which may mean a number of sailors could be leaving the Class.

Last year it was decided to have a survey of the wishes of the members of the Class on this problem.

A questionnaire was put on the website and mailed around.

Questions A Do you want a carbon mast allowed ?

B Do you want a transition rule - mainly for the weight ?

C Do you want loose-footed mains allowed ?

The answers had to be in by 19-8-2003. This proved too short a time for all countries to distribute the questionnaire in the respective languages. The date was extended to October.

The results were as below.

Number of respondents 104 (out of total membership !).

Votes were received from AUS, AUT, ESP, FRA, GBR, GER, HUN, ITA, NED, NZL, SWE, USA. (Albeit some only 1 vote)

	Yes	No
Question A	66	38
Question B	46	48
Question C	55	46

It has been decided now that the change of rule allowing carbon in masts will be put forward to the ISAF to be effective per 1-3-2005.

A transition rule, to be effective till March 2008, will prevent weight advantage on boats with carbon spars. Carbon spars are approx 3 kg lighter. The compensation weight would have to be carried on deck, visible to everybody, so one can easily change masts without having to adjust Measurement Forms.

## COMPETITORS MEETING EC 2003

at Dervio, 15 July 2003, 44 Competitors attended

**Carbon Masts** Much interest of course for carbon masts. Peter Hinrichsen explained the present situation. There are several makers in the UK, though some sections produced in AUS and NZ are used. Carbon masts from AUS and NZ are cheaper. Advantage of Carbon spars: after capsizing easier and probably better suited for lighter and female crews.

The cost of track on booms is approx 25% which leads to suggestion of loose footed mains. But ISAF has no definition for loose footed !

Peter Hinrichsen pointed out we should get away from the fixed perception of 'FD is an expensive boat'. Compared to Finn, 470 and many others it certainly is not. The questionnaire for the survey on carbon masts is on its way and everybody should return it as it would help immensely the General committee to reach a decision.

**EUROCUP** Steve Parry pointed out that it seems to have been well received. Results are on the website. To vary suggestions were asked for possible venues. Suggested:

NED	Dutch Nationals, Easter Egg, Gülcher Event
AUT	Austrian Nationals
ESP	Altea or an Easter Event
ITA	Torbole
GER	Kiel week, Travemünde, German Nationals

### Future Championships

Worlds

2003 is fixed as Melbourne (AUS)

2004 is fixed as Warnemünde (GER)

2005 is set for Athens (GRE) - Some would have preferred 2004 but Steve Parry explained there were problems with 2004 but there was assurance that support and funding from the Greek government was available for 2005

It was questioned how many Germans would go to Greece.

Offers have been received from Hungary and Austria.

USA are considering St Petersburg and San Diego.

### Communications

Between sailors and the General Committee were not always as required and desired. Frank Havik (NED) suggested more use of email should be made.

### Dawes Cup Ranking List

The Dawes cup 2002 was presented to :

1	GER-87	Hans-Peter Schwarz - Roland Kirst
2	GER-206	Uwe Ludtke - Stefan Schwanke
3	NED-12	Klaas Tilstra - Adriaan Schmal
Under 25	GER-113	Kilian König - Alex Gary

# NATIONAL SECRETARIES MEETING EC 2003

Dervio, 16 July 2003

Attendance: Nat. Secretaries

Manfred Zeissel	AUT	Bernd Schreiber	GER	Dennis van Iersel	NED
Norman Rydge	AUS	Tony Lyall	GBR	Tim Sayles	USA
Denmark	DEN	Fulvio Colletti	ITA		

General Committee

Alberto Barengi	President	Clé Jeltès	Hon.Secr
Peter Doran	Gen Secr.	Adriaan Schmal	Hon.Treas.
Peter Hinrichsen	Ch Tech Cttee	Bernd Schreiber	

## Associate Membership IFDCO

The Class has changed its Championship Rules so that both helmsman and crew must be members of IFDCO. The helmsman must be a full member and the crew full or associate member. It was pointed out that the numbers by nation are important for ISAF and our ability to retain our International status. There was some discussion about the need to have two categories and should we move to one category. If the associates were to raise their dues to full membership we could reduce the fees to all full members. Adriaan S stated that there were approx 800 members worldwide but could not give the split between full and associate. The issue of those helmsman who had a variety of crews needed addressing. AS stated that he a proposal for the AGCM.

## Carbon Survey

Peter H pointed out that Jacob Bojsen-M had agreed to trial the Carbon Mast from John Best. He suggested that there was some feeling that we should delay for another year. It was commented that this would lead to another year of uncertainty. The supply of M5 tubes has run out and our delay could cause a problem. AUS saw no reason for delay, while Jacob BM thought we could afford the delay.

Adriaan Schmal requested the National Sec to ensure that their members received the survey and that they responded. GER was concerned about the additional costs of the postage.

E-mail communication

NED put forward the need of the class to communicate diligently with the National Secretaries and that Email should be the preferred way. Peter Doran stated that has recently sent out two communications to those Nat Secretaries who had a known email address but had only received a few responses.

## LOGO

The status of the class.. It is still under under discussion

Many designs had been reviewed. It was important to have a design that was acceptable on stationary, flags, clothing, etc. A suggestion of a class survey of suggested designs was made.

## EURO Cup

This has been well received. There were queries over the value and number of prizes.

## Future Championships

Some countries thought that the proposed event in Greece in 2005 was not a good idea. It was thought that all facilities would not have been ready in 2004. AUT suggested an ISAF combined event that they were keen to run a championship in 2006 or 2007 at Neusiedl in 2006.

NED stated that they were keen to run a championship in 2006 or 2007.

USA were considering St Petersburg or San Diego for a Worlds and asked for views on which location to choose. There were no particular preferences for either location.

## Membership Lists.

Adriaan S stated that he had requested all Nat Secretaries to send him a copy of their membership list. Only 40% of the NS had completed this task.

Entry Fees at Championships

Some countries felt that 300 for the Dervio event was high.

GER agreed, as did AUT. AUS stated that they did not think it too high. Jacob Bojsen-M stated that it was about the same price as a 505 event. There were some comments about the lack of promised facilities eg a pasta party and young people to help with launching trolleys.

## Class structure

A request was made to explain how the class was structured and how requests were made to run a championship. Peter Doran referred the meeting to the blue pages at the back of the class handbook. Peter Doran stated that a new version of the class handbook was in progress and is likely to be completed at the end of 2003.

Peter Hinrichsen stated that the Class Rules were being updated and would be made available on the website. He intended to change some rules to fit in with the ISAF published Equipment Rules of Sail (ERS).

Dennis van Iersel (Secr NED), Tim Sayles (president USA)

Peter Doran (IFDCO Gen Secr), Tony Lyall (Secr UK), Manfred Zeissel (Secr AUT)

## Annual General Council Meeting 2003

held at Dervio 15 and 21 July

Present:

President	Alberto Barengi	AB
General Secretary	Peter Doran	PD
Hon Secretary	Clé Jettes	CHJ
Hon Treasurer	Adriaan Sehmal	AS
V-P Championships	Stephen Parry	SP
V-P Tech and Chief Meas.	Peter Hinrichsen	PFH
V-P Specials	Bernd Schreiber	BS
Comm. NW Europe	Enno Kramer	EK
Comm. Eastern Europe	András Domokos	AD
Councillor of Honour	Richard Phillips	RP (only 5-7)

### Business out of Minutes of AGCM 2-9 at the Worlds 2002

- **Class Membership** The decision to ensure that every boat at World and Continental Championships must be crewed by at least one Full Member and one Associate Member needs inserting in the Class and Championships rules.

- **Class book** Due to computer problems SP has not completed it yet. PD reported that the CD "Best of the Bulletins" is not completed yet either. They will be, together with Class Rules in PDF (Acrobat) format. SP will maintain Master Copy. Paper copies of Class Book and Class rules will be produced for promotional and other purposes.

- **Subscription Rates to be unaltered**

- **ISAF Contract** The ISAF threatens to cancel the contracts with International Classes and issue new ones. The Class will continue to confer with the other classes.

### Finances Report

The class has adequate current and reserve accounts with small surplus of income over expenditure but some countries remit very late. It makes bookkeeping and budgeting very difficult.

- **50th Anniversary deficit** The Loosrecht event was a success and generated good publicity. NFDO however occurred a large deficit (mainly due to entered participants not turning up) and 2500 will be funded by IFDCO. This will be a once event.

- **Funding of measurers** Dervio showed that the Class must provide suitable measurers at Championships. Travel costs for Melbourne are high. 660 for up to 3 measurers will be supplied.

### Presidents report

- **Promotion** Travel sponsoring will be the most useful. Not arranged yet. Suggestions appreciated.

- **Logo** Many ideas have been suggested.

- **Email** The General Cttee virtually only meets once a year. To arrive at a decision in between an Email communication and voting system has been arranged.

- **Lady Cup** Following the decision at Tavira a design in ceramic and glass has been reached and will be made available.

### Championships

- **Euro series** The format and competition is partly its first year and well received.

- **Worlds 2003** Well on its way

- **Worlds 2004** Set by Warnemünde and Berlin Yacht Clubs

- **Worlds 2005** Communications with Greece are a bit problematic and there are some more doubts. If not arranged by end of September another venue will be sought.

- **Future Worlds** Offers of hosting have been received from Hungary and Austria.

### Logo

A good dozen designs were proposed. After shifting and selecting the design based on the Austrian FD Class logo was chosen. The old one will remain in use too.

### Technical and measurement

- **Class Rules update** PFH has updated the Class Rules in PDF format

including ISAF ERS format. This means different way of measuring spinnakers. The changes will have to go for ISAF approval and would come into force 1 March 2005.

- **Carbon Mats** The survey is still in progress but in some countries members have not been reached and the submission date has been extended to 31-10-2003.

### Website

- Contents will be restricted to items relevant for FD sailors

- Programming will be simple technology so visitors have easy access

- Pages will have maximum width 620 pixels

- The Class will develop style sheets with font, sizes, colours and other details to be made available to all Nat. Class Assocs for their websites.

- All nations will be encouraged to use [www.sailfd.org](http://www.sailfd.org) to publish their home page.

**Registration** 6 New boats were registered in 2002. Many boats are changing owners and countries without registering. This is bad for the Class as ISAF informs regularly as to numbers of boats worldwide.

### FD BULLETINS

Only No 148 in 2002 + No 149 in January 2003.

Very little copy comes in by itself.

**Appointments** CHJ was reappointed as Hon Secretary and PFH as V-Pres Tech and Chief Measurer for a further 3 years.

Commodore NW Europe: Enno Kramer reappointed

Commodore Mediterranean: Juan Freniche can not accept so another sailor must be found

### Report Commodore Eastern Europe

Czech Rep: About 10 boats. Championship 2004 is being organized

Poland: 6 boats are sailing few regattas. Nationals are being organized

Hungary: 12 active boats and participation has increased from 4-5 to 6-7 this year. But young people seem only interested in Olympic Classes even if they can hardly sail.

No sailing activities in Romania, Bulgaria, Russia.

### Report Commodore South Pacific

Australia: Numbers stay fairly stable with new members joining and older ones dropping out. An increase is expected with the Worlds looming.

The 2002 Nationals at Brisbane had, with 18 boats, the best attendance for years.

Robin Haselgrove stopped building FDs but the mould (South Australian FD property) has gone to Tony Barrett who intends to continue with the help of Robin Haselgrove

New Zealand: Regular activity by a small dedicated group.

### ISAF Annual Conference Barcelona November 2003

AB, SP and PFH will attend. Travel and accommodation IFDCO funded.

Next meeting At end of Worlds 2003.

Glorious sailing

## NEW LOGO !!

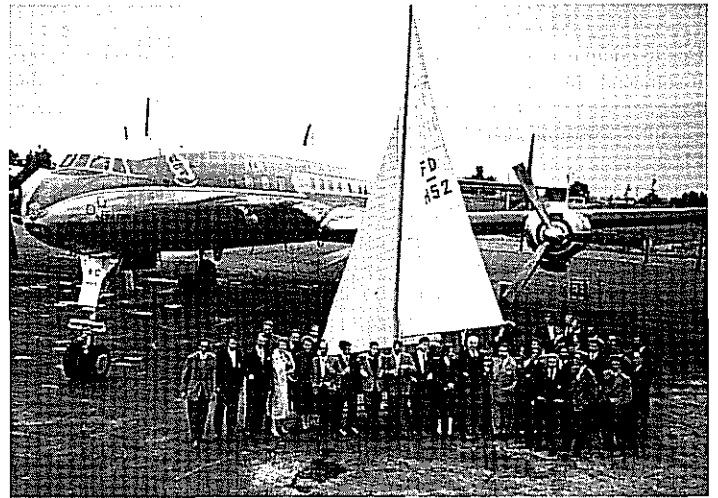

Yes it is true, there is a new logo.

Some years ago there were mutterings by some modernists that the logo, based on the saga of a 17th century ship, was old fashioned and was not representative for our FD. It was based on the saga of the Flying Dutchman about a Dutch ship which could not get round the Cape of Good Hope, the captain swore at God and the devil offered help under the condition that the ship would have to sail the seas forever. Occasionally she is sighted still. The saga was made famous by the opera "Der Fliegende Holländer" by Wagner. In the early 50's the KLM had a Flying Dutchman logo designed for their aircraft. The KLM granted us the use of this logo for the IFDCO.

During the past few years efforts were made to arrive at a more modern logo. A lot of proposals were made and after reviewing them at the Dervio Committee meeting the choice fell on the modified Austrian FD logo. It is simple and in a few lines it shows the essence of the FD. It can be used equally well for publications, t-shirts, other sailing wear and other merchandise equally well.

The new logo can be adapted by National FD Class Associations with addition of the name of their country. Also in one colour it looks good.

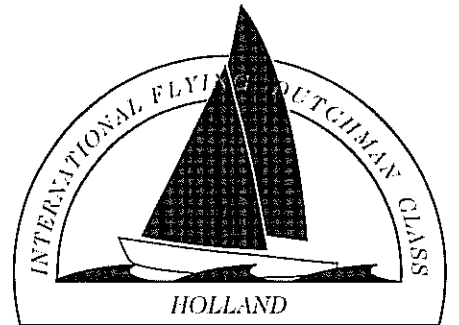

We have to thank the Austrian Class that they allow us to use this modified version of theirs.

Logo presentation at the old Schiphol Airport

Various proposals

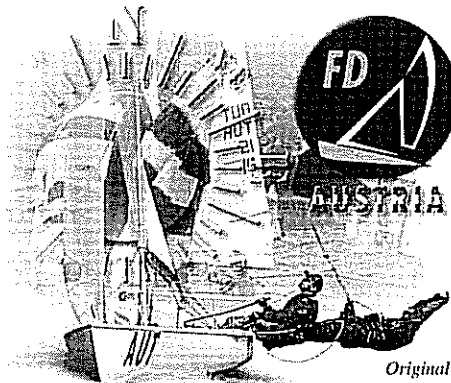

Take your pick

## FD World Cup Points List 2002

Due to computer problems the 2002 list was only available November 2003. It is almost time to publish the 2003 list so we omit the full 2002 results. If somebody likes to have the complete 2002 results please contact the editor.

### Quality points list for 2003

## FD EURO CUP

The following events have made up the EURO CUP 2003

Event	Venue	Country	Date	# Races
EasterEgg Regatta	Loosdrecht	Holland	19-21	April 5 races
Austrian Champ.	Neusiedl	Austria	9-11	May 6 races
Kiel Week	Schilksee	Germany	21-24	June 7 races
European Champ.	Dervio	Italy	13-20	July 9 races
Marina Trophy	Torbole	Italy	28-30	August 6 races
Total 126 Participants				Total 33 races

### Results 2003

1	GER-113	340	Kilian König - Christian Ochs/Henry Kramer/Johannes Brach
2	NED-6	458	Frank Havik - Willem Barends Wijsmuller/Guido Alkemade
3	HUN-70	585	Szabolcs Majthényi - András Domokos
4	NED-12	659	Klaas Tilstra - Adriaan Schmal
5	AUT-4	689	Manfred Zeissel - Klaus Schober
6	GBR-385	727	Tony Lyall - Colin Burns
7	GER-13	734	Schappi König - Tom Greten
8	NED-26	782	Enno Kramer - Ard Geelkerken
9	GER-40	825	Berns Schreiber - Jacob Carsten/ Martin Romberg
10	NED-5	930	Fred Schaaf - Paul vd Pol/ Pieter Zandstra/Bas Wulffers

### Rules

The events are governed by the Notices of Race and Sailing instructions for each event.

### Scoring

There are 33 races scheduled in the 5 events above

The actual points awarded for each race are carried forward to the end of the series, a DSNS, RTD, DSQ, OCS and DNF scores one more point than the number of boats that have registered for an event. A boat that is not registered for an event will score one point more than the number of boats that have entered the series (RRS A9)

Ties are broken in accordance with RRS A 8.1

If 37-33 races are completed	7 discards permissible
20-26	5 discards permissible
13-19	3 discards permissible
12 or less	no discards

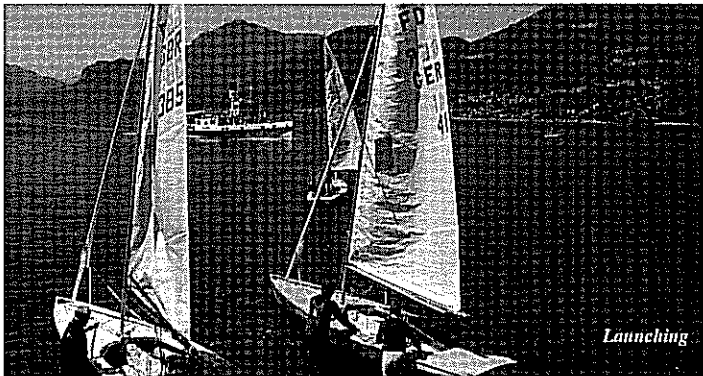

### Provisional Dates for 2004

Date	Event	Venue	Country	# Races
19-31 May	Vaillant Cup	Ballaton	HUN	5 races
19-22 June	Kielweek	Schiksee	GER	7 races
27-3 August	Worlds	Warnemünde	GER	9 races
26-28 August	Marina Trophy	Torbole	ITA	6 races
9-10 October	Gülcher Event	Loosdrecht	NED	4 races

**EUROPEAN CHAMPIONSHIP - Dervio - Italia, 13-26 July 2003**  
**72 Competitors - 11 Nations - WCF 1.525 x 1.1**

03.07.04

*Launching*

With 72 competitors from 11 nations it was a nice and good Championship. A pleasant circumstance was a camping next door to the club with even a special connecting gate. Well and then the weather was good, sunny and very hot, too hot for some.

The CN Dervio is only a small club but they pulled out all plugs and created a very nice, friendly and relaxed championship. At launching time the lakeside roadway was taken up with FDs !

*If there is not enough room just park the boats on the lakeside road.*

Only thing in the Clubhouse really was the Regatta Office . For Measurement and social gatherings there was a big marquee just outside the

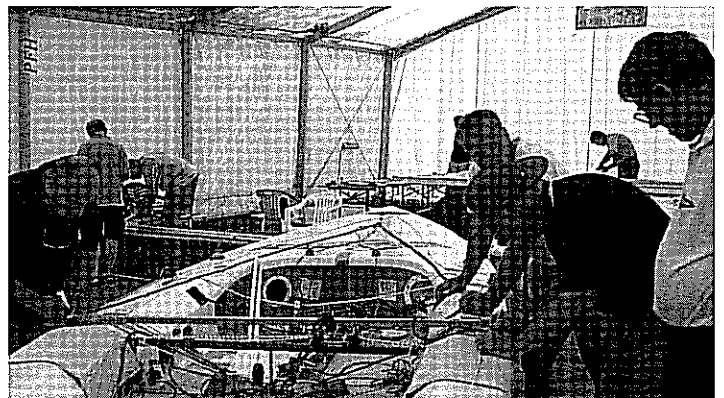

*The marquee for measurement and social centre*

*Vicky Parry with the Italian measurer checking fairleads*

club grounds. Measurement went smoothly apart from the fact that the FIV (Italian Yacht Federation) parachuted a 4 person team with a Chief measurer on the club complete with a stiff invoice which of course was not in the budget. They had no FD Class Rules nor measurement equipment, were no ISAF International Measurers and spoke mainly Italian. The Chief measurer, an old acquaintance of previous occasions, has no International status and does not speak english. But he was head of the measurement with a loud voice. There were some funny decisions.

*Peter Hinrichsen, our Chief Measurer, specialist on checking jib fairleads.*

Sailing conditions were nice generally. Enough wind, warm water and hot temperatures. And the views were often superb.

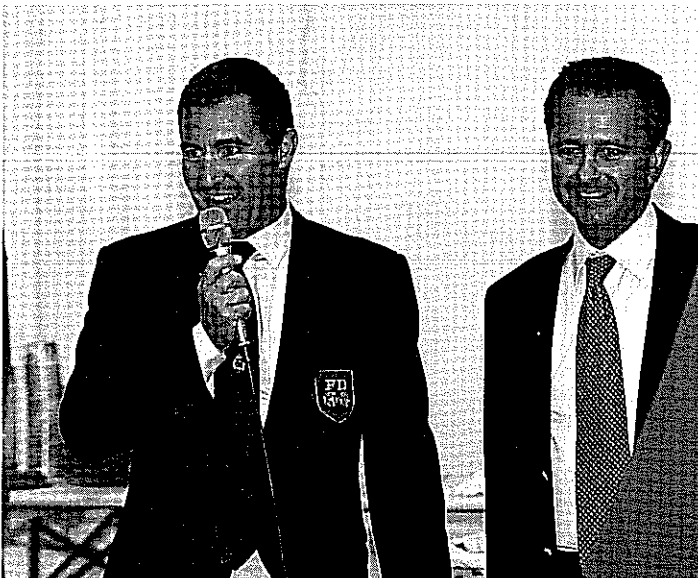

*Start*

Carlo Ziccoli

Robin Maguire weighing NED-311 rudder. Seems to be close. Szabolcs (HUN-70) working on his rudder

Pictures Carlo Zucconi

The Championship was closed off with a lively Prize Giving.  
 European Champions: Jørgen and Jacob Bøjsen-Møller  
 Golden FD Trophy : Hans Peter Schwarz - Roland Kirst  
 100+ Trophy : Carlo Brunelli - Luciano Mercanti  
 Pink Trophy : Birgitte Søgard - CarsteModel en Barlebo

The Golden FD for Hans-Peter Schwarz and Roland Kirst

Winners

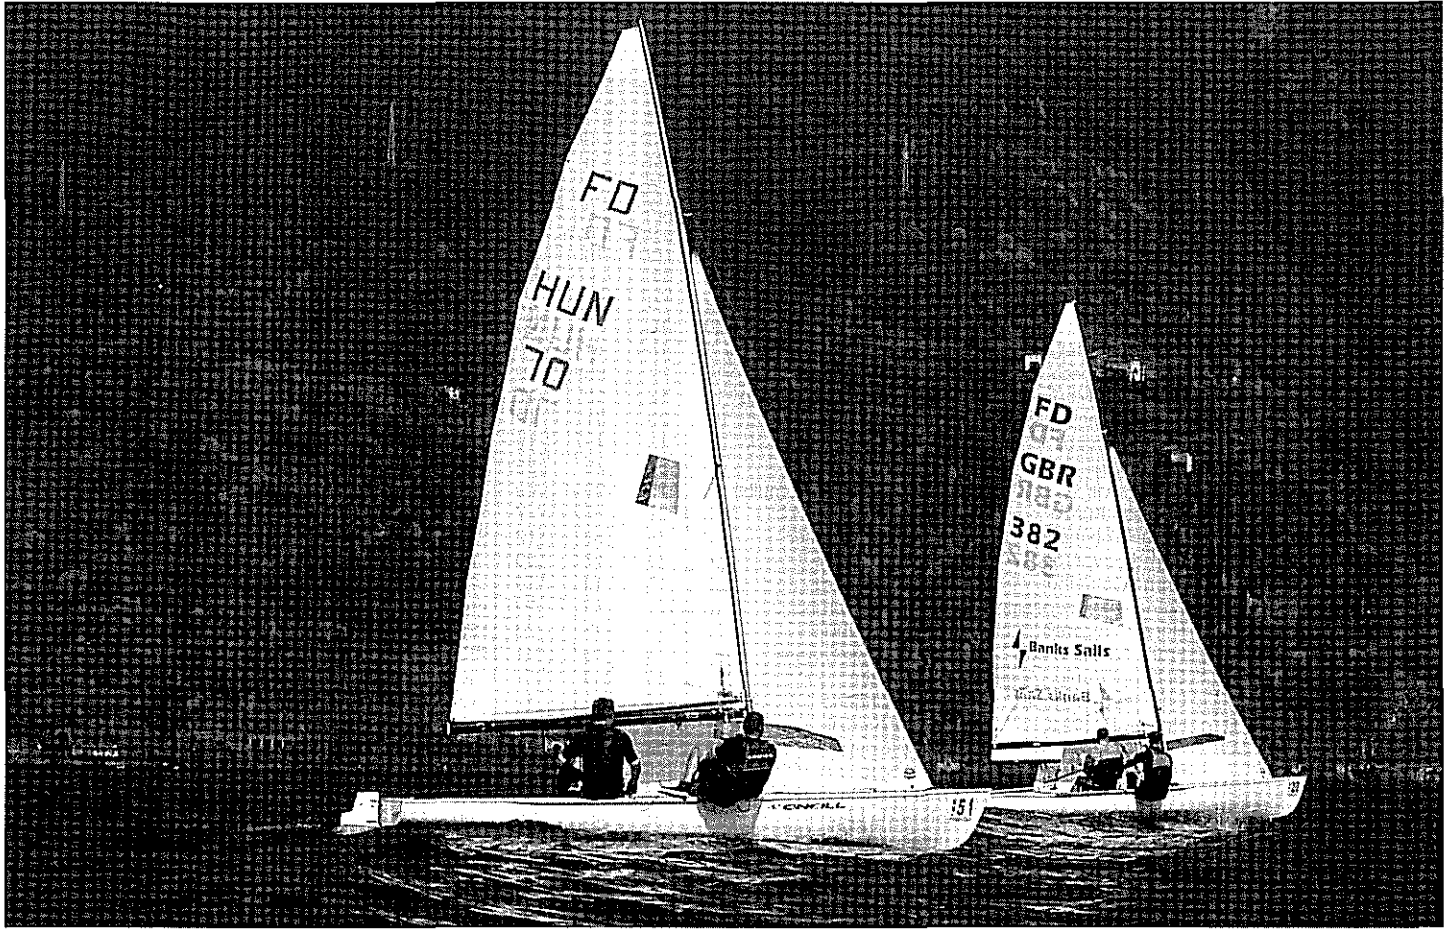

Carlo Brunelli having won the 100+ Trophy.

Jørn Bøjsen-Møller thanking the organisation

Presentation of the thank-you model for the club

Pictures Carlo Zucconi

*Carbon mast trial*

There was of course much fervent discussion on carbon masts. At the end there was a comparative test between GBR-382, with carbon spar, and HUN-70 with their alu mast. But there was not much wind. A capsized test was not very enlightening either.

*Peter Hinrichsen, V.Pres. Technical in action*

## INTERNATIONAL FLYING DUTCHMAN CLASS

# WORLD CHAMPIONSHIP 2004

27 July 2004 / 3 August 2004 - Warnemünde - Germany

## PROVISIONAL NOTICE OF RACE

The Verein Seglerhaus am Wannsee, the Rostocker Yachtclub and IFDCO have the pleasure of inviting all FD sailors to participate in the World Championship 2004 of the INTERNATIONAL FLYING DUTCHMAN CLASS which will be held at Warnemünde from 27th July 2004 to 3rd August 2004.

**Measurement:** 27-28 July 2004

**Racing:** 29 July -3 August 2004

**Entry fee:** 300.- Euro

**Entry address:** Verein Seglerhaus am Wannsee  
Am Grossen Wannsee 22-26  
14109 Berlin  
Phone: ++49-(0)30-805 2006  
Fax: ++49-(0)30-805 1156  
Email: vsaw@vsaw.de

**Camping:** Limited, direct at the marina

**Travel:**

Lubeck 120 km

Hamburg 180 km

Berlin 250 km

**General:**

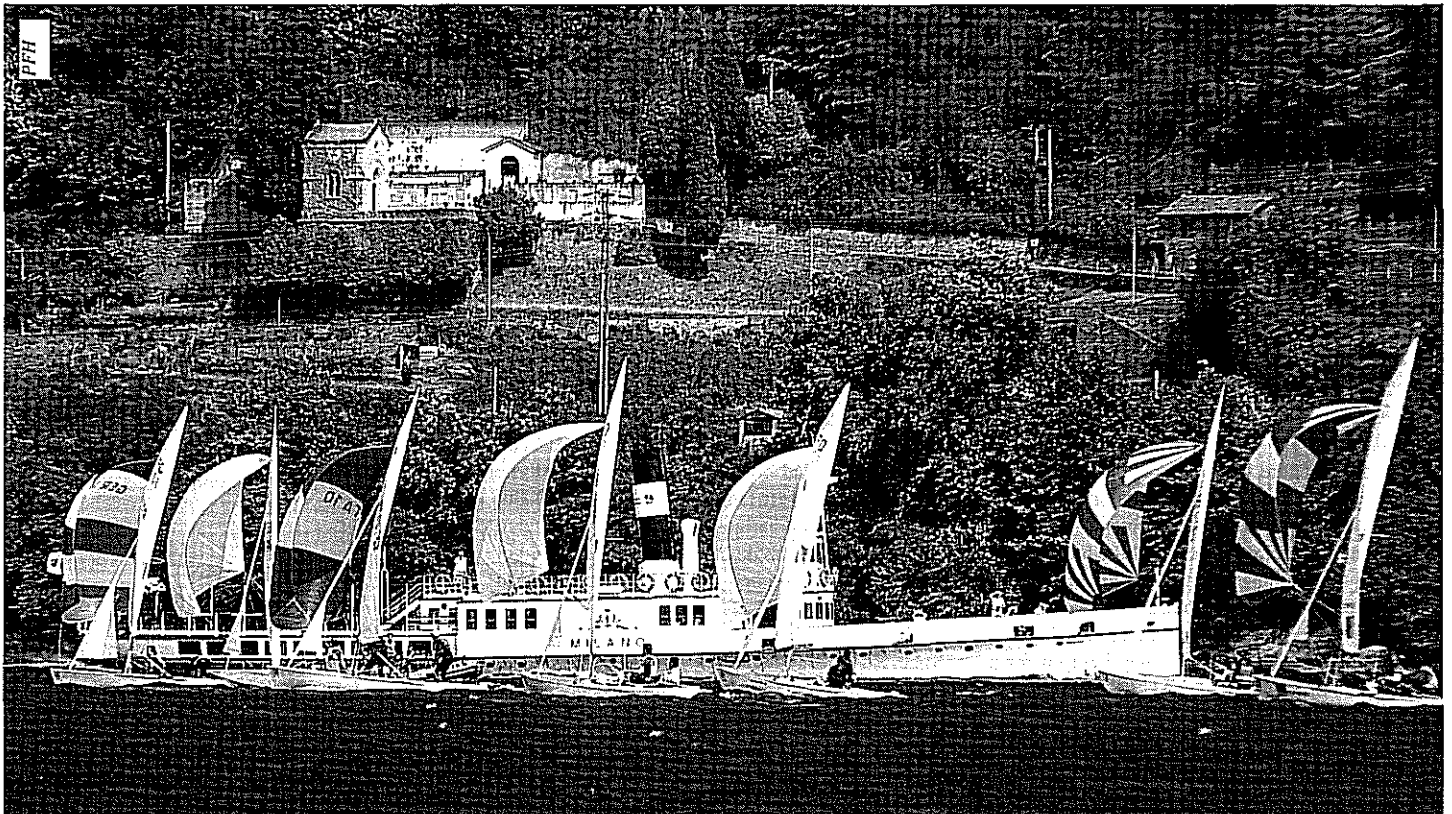

Warnemünde on the Baltic, 10 km from Rostock. Lively yachting and fishing centre. Attractive beach and a village centre with plenty bars and restaurants.

**ACCOMMODATION**

For travel and accommodation:  
Tourist - Information Warnemünde  
Am Strom 59  
18119 Rostock  
Phone: ++49-(0)381-548 000  
Fax: ++49-(0)381-548.0030  
Email: touristinfo@rostock.de  
Web: www.warnemuende.de

**FURTHER INFORMATION**

For further information please contact  
Verein Seglerhaus am Wannsee  
Am Grossen Wannsee 22-26  
14109 Berlin  
Phone: ++49-(0)30-805 2006  
Fax: ++49-(0)30-805 1156

**WORLD CHAMPIONSHIP 2003 - Sandringham, Vic - Australia, 27-7 January 2004 03.12.04**  
**55 Competitors - 11 Nations - WCF 1.344 x 1.0**

---

---

The Worlds was preceded by the Australian Open Championship where quite a few overseas competitors participated for some practice and finding out the conditions. Registration and Measurement went smoothly with John Best (Acting Chief Measurer) working with a well-practiced team including Paul Hemker and Robin Magill. It was unfortunate that Peter Hinrichsen could not attend the Championship for personal reasons, but we were very pleased to know that we could have access to both him and Cle for advice if needed. It was the first Championship that Cle had not attended in living memory I believe, but we look forward to seeing him again in Warnemünde.

Conditions in Melbourne were not easy for either the Race Officer or the competitors, wind conditions varied from flat calm to 35+ knots, and it could all happen within minutes! For several years in succession we lost the last race to the weather, this time too much wind!

**Race 1** Beginning in 7 – 10 knots of breeze with the wind from 160°, there was a clean start at the first attempt. There was a course change to 175° for the third beat. Sailed round the long Course 2 (triangle, sausage, triangle – finish) AUS-338, Gavin Dagley/ John Dryden, led for most of the way until their spinnaker got torn allowing HUN-70, Szabolcs Majthényi/András Domokos, and GER-87, Hans Peter Schwartz/Peter van Koppen, past on the final reaches, but they held on for a deserved third place. AUS-37, Norman Rydge/Richard Scarr were fourth.

**Race 2** Bft 4-5 from 190° greeted the teams for this race. AUS-365, Brett Beyer/ Roddy Johnson,

led all the way with the HUN-70 and GER-87 second and third respectively. AUS-33, the three times World Champions Ian McCrossin/James Cook, came up from 10th to be fourth with GBR-382, Toby Dale/James Cole fifth.

**Race 3** After a long delay racing was finally started late in the day. Two races were scheduled but only Race 3 was sailed in a building breeze from the southwest which rose to 25+ knots for the final two legs providing some exciting conditions for both sailors and spectators! After a General Recall the Black flag was used to gain some discipline! AUS-33 led from AUS-338 and GBR-382 for the first two rounds with HUN-70 and GER-33, Hans Genthe/Hauke Dregenberg, in fourth and fifth places. By the finish GBR-382 took the gun with AUS-33 in second place and AUS-338 third and HUN-70 fourth.

**Race 4** Two races were sailed on January 4th to keep the Championship on schedule. The first race of the day, Race 4 (short course), was started before 1100hrs in a light northerly. AUS-37 and AUS-365 duelled for first position around the shorter Course 1 (triangle, sausage, finish) but allowed the Hungarians and the Dutch team NED-6, Frank Havik/Guido Alkemade, to get past. GBR-382 climbed from 10th to take fourth place.

**Race 5** After a break for some lunch Race 5 (short course) was sailed in a building sea breeze, Bft 4-5, from a southerly direction. There were two General Recalls and the Black Flag appeared again. AUS-37 was 6th after the first triangle but came through to take the gun from GER-206,

Kay Uwe Luedtke/ Kai Schaeffers, and NED-6 who had led for the first triangle. AUS-365 was fourth and the Spanish ESP-66, Gines Romero/Javier Cayuela, fifth.

**Race 6** With the weather forecast predicting strong winds for the final day two races were scheduled for January . However a fickle northerly, 5 to 8 knots, refused to settle until late in the afternoon so only one race was possible and the course had to be shortened before the wind died completely! The Italians ITA-10, Roberto Cipriani/Stefano Morelli, showed their abilities with a cleverly sailed race to take second place behind AUS-37 who won their second race. NED 12, Klaus Tilsta/Adriaan Schmal) were third with GER -7 fourth.

Wednesday 7th January.

The weather forecast was right!! It blew! Racing was cancelled! Containers were loaded!

The Hungarians again showed that practice and consistency paid off with 1, 3, 4, 1, 6 and DSQ were winners by 3 points and worthy World Champions for 2003. Congratulations to them.

#### **Social Side**

The Sandringham Yacht Club BBQ was used to good effect twice supplying competitors with a selection of meats and salads. The prize giving meal (A\$50) was excellent and there were some who must have been pleased to have packed their boats away the previous day.

The Prizewinners took away some superb glassware.

For the first time the Lady's Prize was presented by Alberto and Linda Berenghi to Marianne Lubers.

The Mexican Sombrero went to Hans Peter Schwartz and Peter van Koppen for the best score without discard. The 100+ went to Ian McCrossin and James Cook, 6th overall. For the The Pizzorno Trophy again went to Killian König who was 20th overall.

The Sponsors, Sail Melbourne and Sandringham Yacht Club put on a superb event and everyone was very helpful. Many thanks to them all.

Stephen Parry VP Championships.

**HAM CUP- Sorrento, Vic -Australia, 22-23 February 2003**
**03.02.02**
**10 Competitors - 1 Nation - WCF 1.0 x 0.0**

Run by SorrentoSailing club and Couta Bout Club. No wind no racing on the second day though compensated by a BBQ wwith fish caught off the club. It was nice to see some ex and new FD sailors.

## TRAPEZE WETTFAHRT - Steinhude - Germany, 12-13 April 2003

03.04.02

### 46 Competitors - 6 Nations - WCF 1.387 x 1.0

The regatta always starts with Freibeer on the Friday night. Again a nice field with 46 competitors. Including the Bojsens, 1 UK, 1 Irish, 1 Polish and 6 Dutch teams. Saturday starts with no wind and postponement but eventually start with very variable wind. but sunny. Second race was abandoned when wind died. Sunday a bit better winds, still shifty. So often the 'cowboys' did well.

## NSW CHAMPIONSHIP - Bateman's Bay - Australia, 26-27 April 2003

03.04.07

### 10 Competitors - 1 Nation - WCF 1.0 x 0.7

3 Boats came up from Victoria and 1 from the ACT. After the worst drought in 100 years on the NSW South coast with no rain for 6 months and temperatures of 49° the rain poured down for days just before the regatta and no wind cancelled the 3rd and 4th race !

A new face was Gavin Dagley who found he could quickly pick up again his New Zealand FD experience.

It was inspiring to see Dougie Rawson-Harris back sailing "Whoosh" complete with a pig valve in his aorta and pacemaker.

## SOUTHERN AREA CHAMP. - Lee/Solent - UK, 7-8 June 2003

03.06.11

### 9 Competitors - 2 Nations - WCF 1.007 x 0.0

Conditions were slightly unusual on the Saturday with very little tide and marginal trapezing during the second race. Some expecting a longer first beat with adverse tide headed up the shore. In consequence Rosie & Neil found themselves leading at the first mark. Then panic, the leeward mark having been removed, the committee boat only just managed to position themselves in the leeward position before the leaders rounding them. Boats which had

overstood on the first leg had to claw up to the top again. The second race saw Peter Doran/Richard Phillips get away after a good start and remain in the lead. Sunday saw a significant increase in wind speed from Bft 5 to 7 gusting to 8 contrary to the forecast. Racing was abandoned with rapid increasing wave heights making making recovery of capsized boats difficult.

## U-2003 - Alkmaardermeer - Holland, 7-9 June 2003

03.06.04

### 17 Competitors - 2 Nations - WCF 1.207 x 0.8

In the course of time the event has grown to 12 classes but the FD is still the biggest. Some more changes though since early days: the beer price has been upped by 300% and the harbour master has decided that the dinghy park is not for trailers but for the bicycles of the restaurant goers. It gives him a proper morning constitutional - moving 17 trailers 150m every morning! Conditions from nothing to Bft 4+ with pretty heavy gusts outside the races. Sunday morning start disbanded with a storm developing. Some of the towns-ins were very slow in collecting as a number of boats had to unrig a 5mm cunningham line for towing. Not the FDs, they all had proper towing lines! 4 bullets went to 5 different boats making

the racing interesting and the overall winner showed a very constant performance combined with winning a protest against the race committee. The OCS observation by starting vessel and pin-end boat was discarded by the jury as a competitor witness claimed "no OCS". A pretty unique verdict. Next year no "Alkmaar" as the FD is going to take part in the Northsea Regatta at Scheveningen which is unfortunately at the same time.

# KIEL WEEK - Schilksee - Germany, 21-24 June 2003

03.06.06

## 41 Competitors - 7 Nations - WCF 1.326 x 0.9

Kielweek used to be quite an event with opera, concerts, exhibitions, fairs and what not with the Kaiser, Ministers, Navy's, Ambassadors and everybody who thought they were important putting in an appearance. No more but it is still a great happening.

The FD is one of the select classes who take part in the 'pre-olympic week with 4 regatta days. As long as we have at least 30 participants we may stay in this. Apart from the gigantic bratwurst it is a real international event, 7 countries from 3 continents. Tim Sayles-USA-251, sailed with event crew Ronald Stallman from Holland.

Saturday started with a proper Bft 7 and then race officer, usually not worried about much wind kept boats in the harbour and eventually cancelling for the day. That is apart for 180 (!) 420s to sail 2 races with Bft 6.

Sunday light winds with a 45 minute sail to the course Charlie. First start

valiant effort by H-12, Klaas Tilstra/Marc vd Pol with a porttack start which misfires and in full view of the jury they perform 720°. At the 5minute gun course 1 (triangle) was changed to course 3 (sausage) and about 20 boats made for the wrong mark after the windward. H-12 managed to get well back into the competition and finished 3rd. Second race was in similar conditions.

Monday. Weather/forecast: wind increasing to Bft 5. So teams decide on flat genoas but with light wind and a chop this is not satisfactory. Two afternoon races with a slight chop, medium wind and sun are tops.

Tuesday. Bft 6 and only about 20 FDs starting. Without any doubt this is the day of AUS-37, Norm Rydge/Richard Scarr, with a 1st and 2nd in these 2 spectacular races.

And the Bojsen-Møller brothers collected the overall title again. Detail:: first time in ten years no German team in the top 10.

# CANNON BALL - Canandaigua,NY- USA, 28-29 June 2003

03.06.07

## 10 Competitors - 2 Nations - WCF 1.0 x 0.7

10 Competitors - 2 Nations - WCF 1.0 x 0.7

It was Chuck Linn with Kevin Roland who won this 44th Cannon Ball

Regatta. Mild conditions. It was a close contest with Chuck/Kevin on equal points with Jon/Anna Gorbold. It was a very enjoyable weekend sailing.

## SAXONIAN CHAMPIONSHIP - Pöhl -Germany, 12-13 July 2003

03.07.03

### 25 Competitors - 2 Nations - WCF 1.133 x 0.8

Same number of participants as last year but with the addition of a foreign team, DEN-33, Brigitt Søgaard/Carsten Barlebo, who were on their way to the Europeans in Italy. The racing is held on a reservoir but of a good size and with good accessibility of wind. The first 3 places were for the Rostock/Berlin contingent.

## GREMLIN - Monomonack, NH - USA, 9-10 August 2003

03.08.03

### 6 Competitors - 1 Nation- WCF 1.0 x 0.0

Saturday morning the boats went on the water though the entire Northeast was in a stagnant period with gray skies, showers and thunder. After a while lunch seemed to be a better bet and boats retired. During lunch wind appeared. And a start was made. Some were confused about the course. The Wells's, the only ones, went to the correct 1st mark and when rounding the 2nd mark managed to inform the others. Some retrieved their mistake. Ron Evans, the race officer, shortened the course in disgust. 4 more, round once,

racers were held so everything was set for the Sunday, no matter what weather. The evening cookout was the normal huge success with ample sampling of wine from the Flying Dutchman Winery in Oregon.

Sunday with a lovely south breeze Bft 3-4 two "Monomonack Olympic" courses were sailed. Roy Stone/Michael Barlick managed to christen top of Roy's new mainsail in the mud.

Prizes were real "Flying Dutchman" hats from the winery.

## N.AMERICAN CHAMPIONSHIP - Kingston - Canada, 21-24 August 2003

03.08.05

### 7 Competitors - 2 Nations - WCF 1.0 x 0.7

Only 7 competitors for a N.American Championship. The present generation of FD sailors obviously does not know what great sailing conditions one can

meet at Kingston. It was great sailing ! So next year we could well see a greater participation.

## UK CHAMPIONSHIP - Saundersfoot - Wales, 22-25 August 2003

3.08.07

### 13 Competitors - 3 Nations - WCF 1.032 x 0.7

5 Races with one discard, barbeque, EGCM, competitors hearing, dinner, sun, sand, wind (most of the time), great sailing, close racing, varied courses, 3 women helmsmen, carbon mast, top wooden boat 3rd overall. Buddy system launched successfully. A fantastic event with more overseas competitors promised for next year

Saturday 2 races but the second was called off as the wind decreased all the time so people retired to beach for a great barbeque.

Sunday, despite many prayers, again light breeze but sunny, just one race

with the championship fleet joining the club Round Caldey Island Race. Hartmut/Hannes Wesemüller had a superb start, established a huge lead and were first, as well on corrected time for the Club Race.

Monday finally some wind with 3 races to be sailed. The final race saw the closest racing of the week with many place changes. GER-13 Shappy/Lars emerged at the front at the right moment to take the gun.

Very pleasingly there was an excellent attendance of ladies and younger sailors.

# 7 SCHWABEN - Alpsee - Germany, 30-31 August 2003

03.08.09

## 23 Competitors - 1 Nation - WCF 1.065 x 0.8

23 Participants still a nice regatta. Rainy and coldish. The 7th time in succession GER-91, Helmut Lötner/Michael Klawitter won, notwithstanding a DNF in the second race with a broken mainsheet block. GER-161, Herbie

Zink/Dieter Holzberger leading lost the opportunity of creating some suspense when their rudder came undone. 1,2 and 3 overall were SCAI teams.

## DUTCH CHAMPIONSHIP - Workum - Netherlands, 6-7 September 2003

03.09.01

### 21 Competitors - 2 Nations - WCF 1.25 x 0.8

An unfamiliar site up there in the North for our usual FD crowd. Cars and tents were almost non top of the boats so of course it found favour with all the teams. Again an interesting number of competitors for a national championship.

## SYMMETRICAL GRAND PRIX - Datchet Water - England, 5-6 October 2003

99 Competitors - Assorted Classes

A new special event for dinghies with symmetrical spinnakers. There was great enthusiasm for this new event organised by the Fireball Class. 101 Boats entered. 35 Fireballs, 6 FDs, 14 505s, 2 470s, 15 Hornets, 12 Javelins, 14 Ospreys and 1 18' took part.

For the FD Toby Dale/James Cole (382), Julian Bridges/Cerin Westerley (380), Peter Doran/Richard Phillips (377), James Whittaker/Peter Hadford (38), Tony Lyall/Colin Burns (385), Rosie/Neil Pye (373) put in an appearance.

With 102 Dinghies on a half empty reservoir one will have a lot of shouting

and hitting others. Rosie Pye, showed the good sense to be expected of a woman creature and would have nothing to do with it after the first start. Indeed it was more like a pub brawl than a sailboat race at times, a chair leg or an empty bottle would have been more use than a new set of sails most of the time.

The 505s were pretty awesome in their effort to slow decline in numbers with spinnakers increased in size, from top of mast with skirt dragging the water in quiet bits.

However it was a great success and most will be repeated in 2004

## MIDLAND AREA CHAMPIONSHIP - Rutland - Holland, 25-26 October 2003

03.10.10

### 8 Competitors - 2 Nations - WCF 1.0 x 0.0

Sharp gusts in the first race caused problems for some reducing the fleet to 4. David Wilkins/James Cole David Wilkins/James took the lead and sailed into the distance. A mistake by Peter Doran/Richard Phillips let Whittaker/Hadfield through to 3rd.

Second race Whittaker/Hadfield capsized and retired leaving just 3 boats.

Sunday brought 7 boats out to play with Toby Dale taking over from David Wilkins. With the lighter winds there was closer racing. The 4th race Dale/Cole made a port tack flyer crossing all bar one finishing in a clear 1st.

Pos	Sail Nr	Q Pts	Helmsman	Crew											
					1	2	3	4	5	6	7	8	9
